ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend

rate and frequency of compounding for an annual period. For Certificate and Special Share Certificate accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the initial term of the account. For accounts subject to dividend compounding, the annual percentage yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. DIVIDEND PERIOD — For each account, the dividend period is the account's term. The dividend period begins on the first day of the term and ends on the maturity date.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends are stated in the Rate Schedule. For all accounts, at your

option, you may choose to have dividends credited to your certificate account or transferred to your Prime Share or Share Draft account. If you elect to have dividends transferred to your Prime Savings Share or Share Draft account, compounding will not apply.

4. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in your Prime Savings Share account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, dividends are calculated by the daily balance method which applies a daily periodic rate to the principal in the account each day.

5. ACCRUAL OF DIVIDENDS — For all accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

6. TRANSACTION LIMITATIONS — For all accounts, your ability to make deposits to your account and any limitations on such transactions are stated in the Rate Schedule. For Dedicated Saver Share Certificate accounts, you are required to make regular deposits in pre-selected amounts through payroll distribution or auto transfer from another share account. After your account is opened, you may make withdrawals of principal subject to the early withdrawal penalties stated below. Withdrawals of dividends are not subject to penalty.

7. MATURITY — Your account will mature as stated on this Truth-in-Savings Disclosure or on your Account Receipt or Renewal Notice.

8. EARLY WITHDRAWAL PENALTY — We may impose a penalty if you withdraw funds from your account before the maturity date.

a. Amount of Penalty. For all accounts, the early withdrawal penalty is 90 days' dividends.

The penalty days are applied on the balance in the certificate at the time of the early withdrawal request.

b. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It can apply whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty may be deducted from the principal.

c. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances:

- (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.
- (ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after the establishment of the account; or where the account is a Keogh Plan (Keogh), provided that the depositor forfeits an amount at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59½ or becomes disabled.

9. RENEWAL POLICY — The renewal policy for your accounts is stated in the Rate Schedule. For accounts that automatically renew for another term, you have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty. For accounts that do not automatically renew for another term, the account balance will be transferred to another account of yours upon maturity. Dividends will be paid until the account is closed or transferred to another account of yours. Additional Information for Special Share Certificates: Absent further instructions from you, Special Share Certificates set to automatically renew for another term will renew at the then-current rate applicable to the renewal term. In certain cases, the length of the renewal term may be different than the length of the initial term (for example, 9-month terms are not always available). If this occurs, another term length will be offered to you.

10. NONTRANSFERABLE/NONNEGOTIABLE — Your account is nontransferable and nonnegotiable.

11. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	\$0.01
Number of Shares Required	1
